

# LOOK AROUND YOU, IT COULD SAVE YOUR LIFE

Making contact with overhead electricity wires or even coming close puts you at serious risk of injury or death from electrocution.

Avoid serious injury when you are transporting your craft to or from the water.

Never take risks near electricity lines, when you are:

- Sailing
  - Motorboating
  - Fishing
  - Moving goalposts
  - Putting up a tent
  - Hang-gliding
  - Hot-air ballooning or flying kites
- make sure you stay safe.

In case of emergency phone **1800 372 999** (24 hour/7 day service)
